

Internship Description – PowerPoint Template & Branding

We are a pioneering MedTech start-up with a mission to restore functional and life-enhancing vision to blind individuals. To support this mission and ensure our team can present professionally, we are looking for a student who can further develop and implement our brand identity in PowerPoint templates.

Main Responsibilities

- Refine and expand our existing PowerPoint template based on our current brand guidelines
- Organize and centralize presentation resources, such as images and standard slides
- Make it easier for colleagues to create consistent, visually appealing presentations
- Support the team with clear instructions or short guides on using the new template

Who are we looking for?

- You have a keen eye for structure and design
- You are practical, organized, and communicate clearly
- Experience with PowerPoint is a plus
- An interest in technology and innovation is welcome
